

ISEEP-2017 VIII. INTERNATIONAL SYMPOSIUM ON ECOLOGY AND ENVIRONMENTAL PROBLEMS

Dear Colleagues,

On behalf of the Organizing Committee, it is my great pleasure to invite you to participate in the VIII. International Symposium on Ecology and Environmental Problems (ISEEP), organized by the Canakkale Onsekiz Mart University, Faculty of Sciences and Arts, Department of Biology. The conference will be held in Canakkale, Turkey, on 4 – 7 October 2017. It is expected that the Symposium will create an exceptional scientific platform where various ecological problems will be discussed, and possible solutions will be proposed. By this occasion, scientists both from Turkey and abroad are planning to share the results and opinions derived from their studies on various aspects of environmental problems.

Looking forward to seeing you in Canakkale in 2017.

Organizing Committee

The symposium will include the following topics:

- Agroecology, sustainable agriculture and rural development
- Alternative and environmental friendly energy
- Art and environment
- Biogeochemical cycling and ecosystem health
- Biological Diversity
